CHEDER CHABAD GIRLS

25 South Monsey Road

Sunday, פורים, March 12

10:00—11:30 am

Details will follow!

פרשת לך לך in פרק י"ב upon finishing כתה ב' to מזל טוב!

A few girls prepared a beautiful skit acting out the פרק! We also had a few girls bring in a special nosh in honor of our סיום and the girls tried guessing the connection of the nosh to our פסוקים in the פרק!

what I learned in our baking class:

Every Wednesday some of the girls in my class, and 3rd grade girls come to bake. In baking you have to be careful, look below for what you need to do.

1. Make sure to use all ingredients.
 2. Make sure not to spill anything.
 3. Make sure to mix it, if it needs mixing.
 4. Wait, before starting, clean all of the things.
 5. After your finished put it in a pan.
 6. Put it in the oven.
 7. Wait awhile.
 8. Take it out.
- And there you go.

By: Dina Baila Goldstein

what I learned in our baking class:

Can you guess what elective I am in!!! I'm in baking!!! We made chocolate sprinkled sponge cake, a brownie cake, coconut Oatmeal cookies, cupcakes, crispy chocolate chip cookies and that is all.

It was very fun!!! and learned alot about cooking!!! washing your hands before I start!!!

By: Muskan Gera

what I learned in our baking class:

1. I learnt that you should wear your hair back.
2. Also I had learnt to separate eggs.
3. So did I learn that you are meant to do it in steps.

מזל טוב
to סיום on making a
פרשת חיי שרה.

5th Grade February Fun
Activity with Miss Stern.
Thank you Shaina Gold-
smith and Mirel Vogel
for organizing it.

RECYCLING CENTER

Grade 7 Recycling Center Trip

Garbage, garbage all around,
But when we went inside that's not what we found.
Instead there were some cool things for us to see,

Like a tower of garbage as tall as can be.

We got a pencil made from money and a ruler that is green,

We got a magnet and a bookmark with a poem about keeping earth clean

All this awesome stuff that was given to us,

Was put in a pouch and taken home with us on the bus.

7th Grade Trip

This Thursday, February 23, we went to the recycling center and they taught us about recycling and saving trees too. We saw how most garbage can actually be recycled and used again for other purposes. We saw how it's all separated and stored into bins. We played fun games connected to compass and recycling and got souvenirs. We got pencils made out of old money and denim. We really enjoyed the pizza party on the way there on the bus. Thank you Mrs. Phillip for organizing every thing and Ms. Shapiro for coming along! Remember to recycle!

By: Chana Goldstein and Chana Sirota—Grade 7

Preschool!

Welcome back everyone! We had a short but busy week. משפטים lends itself to learning about so many practical מצוות

that a preschooler can relate to, such as keeping kosher or to always tell the truth. The weather was fabulous and we took full advantage of our outdoor playground and the sunshine. Spring is on its way and so is Purim, so let the joy begin! To celebrate ראש חודש on Monday everyone should come to school wearing a funny hat. Yes! That means teachers, too! Wishing you a gut Shabbos, Yona Lazarus

משפחת פאלינגער upon the birth of twin baby boys. May you have loads of נחת from them and from all you children.
