FOR STUDENTS GRADES 5-8

MOTHER & DAUGHTER CHALLAH BAKE

Sunday Morning, ט' שבט, February 5
Grades 1-4

*Thank you to the following families who
have donated books to our school library.*

LIPSKIER FAMILY IN HONOR OF LUBA'S BIRTHDAY

GERSHOVITZ FAMILY IN HONOR OF STERNI LEARNING פרקי
אבות.

GOLDSTEIN FAMILY IN HONOR OF CHANA'S BIRTHDAY

LAKEIN FAMILY IN HONOR OF RAIZA'S BIRTHDAY

COHEN FAMILY IN HONOR OF ALIZA'S BIRTHDAY

THANK YOU MRS. SEREBYANSKI FOR TAKING CARE OF THE LIBRARY FOR A FEW WEEKS.

GRADE 3-Mrs. Simon

The 3rd grade has been learning about the 13 colonies of America. Each girl dressed up as another character from that time period (1500 - 1776). They presented to 4 other grades, introducing their character and speaking about their role. Then we had a party with some of the foods that reminded us of what the colonists ate, ex. Milk, apples, popcorn (corn), breadsticks (wheat), and animal crackers (animals). The girls did a fantastic job and looked adorable in their costumes!!

The second and third grade science club is learning about the different states of matter, and factors that effect the states of matter. We learned that heat causes air (gas) to expand and become lighter, whereas cold causes air (gas) to condense and become heavier. This is why a hot air balloon will rise - the flame under the balloon causes the air in it to heat up and

become lighter, which is why it lifts up in the air and flies. We showed this concept by putting a deflated balloon on the opening of a glass bottle, and placing the bottle in a pan of boiling water. The water caused the air inside the bottle to heat up, which caused the air molecules to expand, pushing air into the balloon - which caused the balloon to inflate (blow up)!! We then placed the bottle/ balloon in a pan of cold water, and watched the balloon deflate, due to the condensing of the air molecules.

Mrs. Simon

The 7th graders exploring simple machines. building elevators, ramps, and gears.

Principal's Lunch

Grade 4 and Grade 1 earned a principal's lunch with Mrs. Phillip!

How would you rate our school on a scale from 1-10?

Grade 4:

Rochel Krasjnanski- 1,000! It's really good, it's interactive, we learn interesting things, have fun activities, we have everything we need!

Chany Niasoff- Trillion! It's so good! I have no words to describe it!

Abby Lipsycz- Trillion! It's extra, extra, extra great! My favorite part is math!

Esti Bialestock- 1,000! It's great! My favorite part is math!

Grade 1:

Chana Sara Schechter—More than 10! My favorite part is rallies!

Rochel Leah Leaf-10—My favorite part is center time, listening to books with headphones.

PRINCIPAL'S AWARD

GRADE 1
Tzippy Glick

GRADE 1
Shifra Sobol

GRADE 2
Chaya Mushka Gancz

GRADE 3
Brocha Litzman

GRADE 4
Aliza Cohen

GRADE 5
Zlaty Greenberg

GRADE 6
Shira Rimler

GRADE 7
Devorah Scheiner

GRADE 8
Yaffa Simchi

Preschool

NEWS

Our preschool is always a hive of activity and learning! Our Nursery and UPK קינדערלאך created exciting snow related projects using different materials and mediums. Their artwork is truly worth exhibiting! יוחי פרשת lends itself to many tangible lessons, especially the concept of older and younger siblings like Yaakov blessing אפרים and מנשה. What a wonderful "crossing of the mid-line" exercise that is when we act it out! In addition to קודש and קריאה in Pre 1A, we are also learning to read English and the letter C is really tasty when it means baking cupcakes and frosting them with cream cheese. Learning is so much more enjoyable when you get to eat your words!

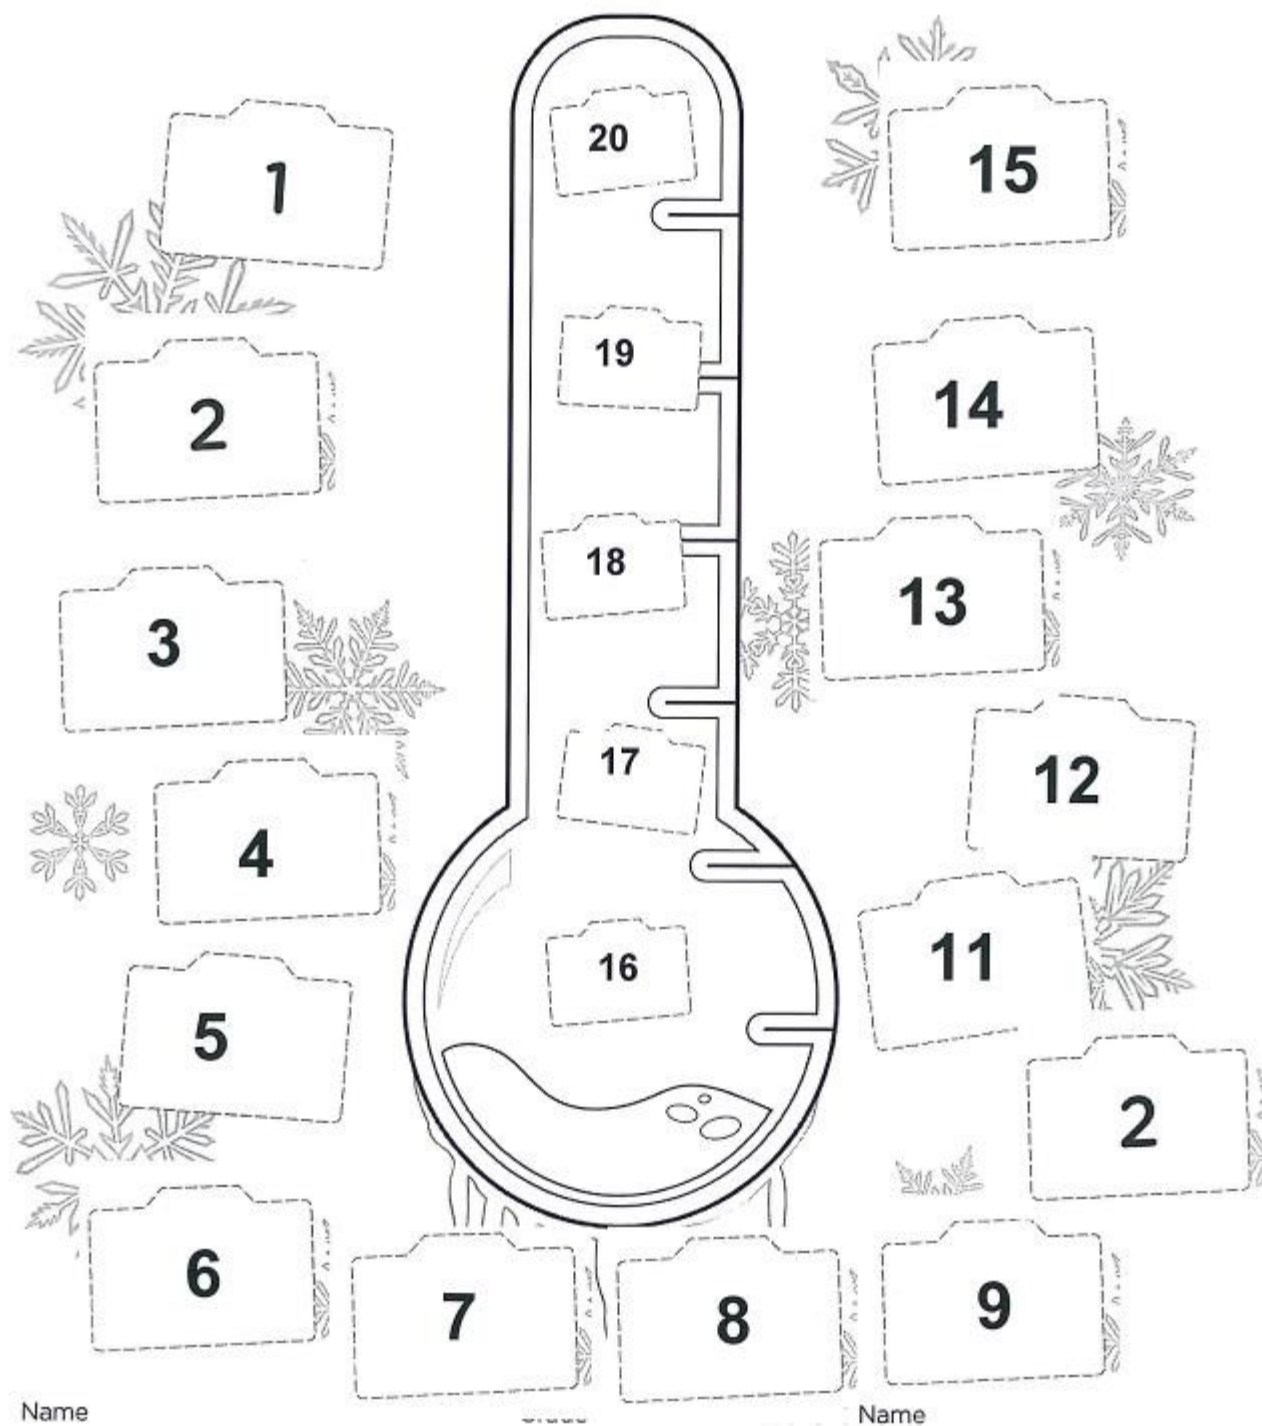

Wishing you א גוט שבת!
Morah Yona

heat up your school spirit!

The more Box Tops you add, the hotter your school's earnings will be
