# OUR CHEDER'S VOICE

## CHEDER CHABAD BOYS DIVISION

### LETTER FROM THE MENAHEL:

Dear Parents,

Going to the *Ohel* to mark the *yahrtzeit* of the *Frierdiker Rebbe* is a *horo'oh* of the *Rebbe* which each of us fulfil as part of our connection to the *Rebbe*. However, our joint efforts can enhance the fulfilment of this instruction making it more impactful for our children.

At the cheder, *talmidim* learn about writing a *pan*, about *hiskashrus* as well as hear stories of the *Rebbeim*. Parents can augment these discussions in many ways. Here is one way in which you could be the appreciation of the physical body of a *Yid*. We go to the *Ohel*, the resting place of the holy body of the *Rebbeim*, although their *neshamah* transcends the body, throughout their lifetime and especially now. Nevertheless, the body of a *Yid* which can fulfill *mitzvos* is of primary importance.

As parents, our partnership in bringing a *Yid* into this world is primarily to bring their physical body into this world. The goal of our *chinuch* is to highlight the infinite opportunity of this world in doing *mitzvos* which can only be performed with a *guf gashmi*.

Thank you PTA for your thoughtful Rosh Chodesh gift that you have given to the *Rebbeim*, teachers and Cheder staff to express your appreciation for the dedication of all the cheder staff every day.

A BIG Mazal tov to Rabbi Wiener on the occasion of his son, Sroli's, Bar Mitzvah. May you and your wife have much nachas from Sroli and all your children, *gezunterheit*.  
Wishing you a good Shabbos,

Rabbi Kaplan

**Monday, January 18: NO Transportation**  
**all Districts**

**Wednesday, January 20: Boys Ohel Trip:**  
**Reminder : Return permission slip to the office, bring extra snacks and shoes for Ohel**

**Tuesday, January 26: Kol Hatorah Kula Test #3**

**February 5-8: Mid Winter Vacation**

# A PEEK AT OUR WEEK

We are excited to announce the engagement of our second grade teacher, Miss Klatzko. Wishing her and her chosson a mazel tov from the entire Cheder family!

Mrs. Mandel's first graders learned how to use abbreviations this week with words like- USA, OK, and more. They further discovered many words with final double consonants (like buzz and odd) and ck (like quack and lock). In math the boys recorded related facts. The boys then chose 3 numbers, wrote 1 addition fact, and found 3 more related facts. They were so excited to pass their mid chapter checkpoint! The boys worked on their map skills this week in an amazing hands on activity called "me on the map" in which students learned about their location on the globe: the continent, country, state, city street, and school building. They looked at maps of the USA, world maps, and the globe.

Our second and third graders had an inspiring lesson with Dr. Shnitzel on how to create a homemade filter. Dr. Schnitzel explained that there are many places throughout the world where, unfortunately, people do not have access to clean water. He taught the boys how to filter muddy, smelly water. As he the water was not boiled after the filtration process, neither Mrs. Eckstein, nor Mrs. Volfman volunteered to drink the water!

Mrs. Eckstein's class learned about another community helper, the Policeman. In writing, they wrote about how policemen help keep us safe. The whole class enjoyed the skit on the story Stone Soup that was presented by Alexander Gaerman, Mendel Keller, Dovber Lizpitz, Yitzchak Kass, and Dovid Yedidyah Eli-sha. In addition, on Thursday the boys began presenting their posters on one of the 5 senses. Most of the work was done on school-time, so no sheets were sent home. Finally, the class read a story about the invention of the potato chip! Stay tuned for the next unit...inventors and inventions! A note from Mrs. Eckstein: Please review multiplication with your son every night. While we review, it is difficult for your son to progress without having that knowledge at his finger-tips. It takes a few minutes of practice every night. There will be a test on 1x-5x tables on Tuesday y"H.

Mrs. Volfman's class continued working on figuring out elapsed time in math this week. They began Their unit on inventions and read the story of how potato chips were invented in their ELA book. The boys then had an opportunity to explore different inventors and their inventions by reading books about different inventors. In social studies the class discussed their next community helper - policemen. They discussed safety rules and extended that idea into their writing this week.

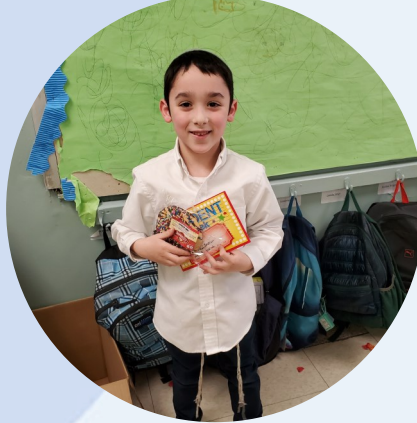

Have a wonderful Shabbos!

HANACHOS TEFILLIN:  
MAZEL TOV TO MENACHEM MARRUS, YEHUDA GOLDIN  
AND YOSEF YITZCHOK KLEIN

# Student Of the Week

## HAPPY BIRTHDAY

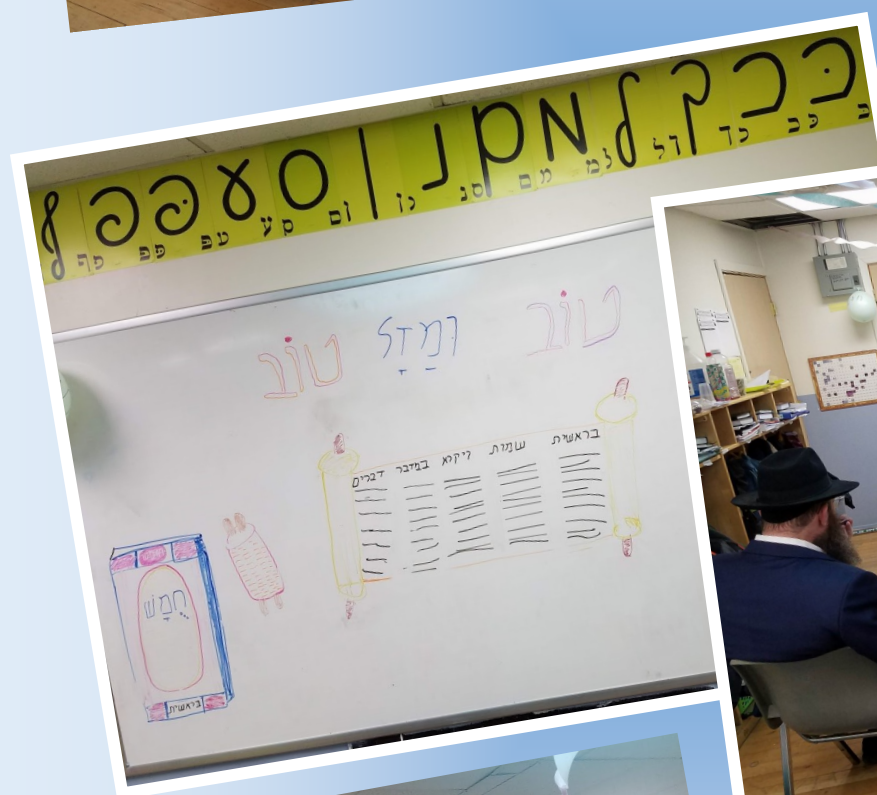

Shemmy Altein and Dubi Litzman

**Mazel Tov to Yisroel Wiener on his Bar Mitzvah!**
