

Our Cheder's Voice

Cheder Chabad Boys Division

Dear Parents,

The Rebbe reinforced the message of the Alter Rebbe, *men darf leben mit der tzeit*, a Yid must live with the parshah of the week. This week marks the final week of cheder and the name of the parshah is Chukas.

Now more than ever, the foundation of education must be Chukas. The Rebbe explained that his reason for calling the children's club he initiated was the Army of Hashem, Tzivos Hashem is because this is the necessary response to the challenges we face today.

The list of challenges facing our children today is long, there are internal and existential challenges. The Rebbe tells us that there is one antidote that brings healing and strength to overcome all contemporary obstacles and that is to enlist in the Army of Hashem and live our lives following the dictates of the Order of the Soldiers are trained to respond to instructions and orders with a "yes sir" not with a "why". Soldiers aren't given suggestions or recommendations they are told what to do.

With our children home for a few weeks, we are taught to direct more and reason less. We should provide our children with the framework and follow up with the direct instructions, nurturing within them the commitment to doing the right thing because it is the right thing and not to ask why.

This affirms our position as parents and reaffirms our children's position as our children and those who we are responsible to respond to the Torah and their parents instructions.

Wishing you a healthy summer

Rabbi Kaplan
