# Our Cheder's Voice

Cheder Chabad Boys Division

## Letter from the Menahel:

Dear Parents,

Welcome to a new school year and thank you for all the extra effort in getting your talmdim to and from cheder in these first weeks.

A New Year is upon us. Hashem *bentches* us with the words "*atem nitzavim*", you stand steady and upright. In the context of our mission as *mechanchim* we internalize this message as follows: There are no doubts about what we need to do, we have no doubts with regards to what values to instill in our children.

*Atem nitzavim*, we stand on solid ground with a clear focus to teach our children Torah and the way of life of a yid and a chossid. We remind ourselves and our children that on Rosh Hashonoh when we ask Hashem for another healthy, wealthy, and joyous year it is for the sake of serving Hashem.

In our partnership, our precious children will be in your care for these critically important days of Rosh Hashonoh. We provide them with the *divrei Torah* and incentives to daven alongside you and we ask that you encourage them and keep them on task for these days.

A special thank you to the melamdim for getting cheder started to a great start and carrying the brunt of the building not being ready yet. A big yasher koiach to the PTA for welcoming the children back to cheder with a personal note to every boy and for the sweet gifts that gave to the cheder staff and the talmdim in ushering in the new year.

Wishing you a good Shabbos and a *shanah tovah umesukah*,  
 Rabbi Kaplan
