

# Our Cheder's Voice

Cheder Chabad Boy's Division

## Letter from the Menahel:

Dear Parents,

With deep gratitude to Hashem, we thank Him for bringing us to this point, to have in-person learning, and to see our *talmidim* enjoying all the benefits of being in an environment of Torah along with their *chassidishe* friends.

This week IYH, we will once again be able to join the International Kinus Hashluchim in person. It has been three years now that we have not been able to unite with fellow shluchim and mechanchim from around the world. Last year's virtual kinus lasted a week-long. It showed us how vital the kinus is for each of the Rebbe's shluchim, to become imbued with the *chayus* needed to continue our daily *avodah*.

We look forward to joining the kinus this coming week IYH, participating in workshops that are focused on a *chassidishe chinuch* and hearing about the latest innovations in the field of *chassidishe chinuch*.

The message of this week's parshah is that our work as shluchim is a partnership with the Rebbe in which Hashem pours his blessings. "*Vecoros imo haberis*," Hashem joined Avrohom in performing the bris. So too, Hashem joins us in every step of our holy work in being *mechanech* our children.

Wishing you a good Shabbos,

Rabbi Kaplan
