

# Our Cheder's Voice

CHEDER CHABAD BOY'S DIVISION

Dear Talmidim,

## LETTER FROM THE MENAHEL:

The weekly newsletter message is usually written to your parents. However, today, in honor of Parshas Tesaveh, I thought of writing something to you. Tesaveh is the only Parsha in which Moshe is called 'you' and never mentioned by name.

In the last maimer given out by the Rebbe, Moshe Rabbeinu is called רועה אמונה, he feeds the Yidden *emunah*. This idea is important to cheder life and how we view our talmidim.

Sometimes students describe themselves as being a certain way, Smart or not, having faith or not, hardworking or not. Calling Moshe Rabbienu a shepherd of *emunah* means that the level of *emunah* in Yidden can change and become stronger, as Moshe teaches them.

When we look at you, we see where you are, but we also think about where you can reach. Some students don't think of themselves like this, they describe themselves as being a certain way, as being, lazy, a picky eater, anxious, uncomfortable with change, liking or not liking sports, all these things aren't fixed, they can change. Some people are born with advantages, but truly great people become that way by working hard, with effort to reach the goals that are out of reach now, but they can be reached.

As we get closer to Yud Aleph Nissan, let's all think about what we can do to change and improve ourselves and not describe ourselves as being a certain way.

Thank you all for teaching me patience, helping me listen to you and sharing what is going on in your day so that the cheder can accommodate your challenges. While we aim to help you, we always keep in mind that no student is free from learning and davening, we want to help you, make it easier, but not to make you פטור from responsibility.

Veata tesaveh es benei Yisroel, we are all attached and connected with Hashem, under all circumstances, on each and every day.

Wishing you a good Shabbos and a joyous Adar,

Rabbi Kaplan

## UPCOMING DATES

Sunday, March 9, ט' אדר  
Daylight Savings Time Begins

Sunday, March 9, ט' אדר  
Adar Dancing

Thursday-Friday March 13-14, י"ג-י"ד אדר  
NO SCHOOL - PURIM

# Peek at the Week

As you scroll down the newsletter this week, you will see pictures of our yummy introduction to Division! Every boy received chocolate lentils, and we divided them into equal piles, depending on the math Equation. Towards the end, we even touched upon the concept of remainder, using our tasty manipulatives. Of course we all enjoyed eating our math examples when we were done! We also built on our knowledge of Multiplication, learning harder and increasingly complicated examples. Next week, y"H we will be playing Multiplication BINGO (Monday), and also Division BINGO (Wednesday). Please review, review and then review some more to sharpen your sons' skills. You have never seen such competition as during our BINGO games, while at the same time you haven't ever seen such *Ahavas Yisroel* once the game is over and we have a winner! In Reading, *Iekovod Chodesh Adar*, we enjoyed learning about King Bonkers who learns his lesson when his family "turns the tables" on him after they tire of his pranks. To continue with this theme, in Writing, the boys wrote (and read) stories about a time they got into trouble. Of course, our boys are wonderful, so they used their creativity to make up FICTIONAL incidents. In Handwriting, we have almost completed all the lower-case script letters! And we advanced to the next unit in Wordly Wise! In News on the Run we discussed the changing of the clocks to Daylight Savings Time. We mentioned how many people in Eretz Yisroel have been *mekabel* the mitzvah of Shabbos *Kodesh* over the course of the past year, and how much we need to appreciate those long Summer Shabbos afternoons. Please ensure your sons have enough PENCILS, as some boys need to do their classwork in marker, or during recess. Mazel tov to Zalmy Kass and family on the arrival of a brand new baby boy! יה"ר שתזכו להכניסו בבריתו של א"א בעתו ובזמנו ותזכו לגדלו לתורה, לחופה, Have a wonderful Shabbos! **Mrs. Eckstein - Grade 3**

Grade 5 loves to learn. Be it math, map skills, vocabulary or reading, everyone gets involved in the new information. Thank you Rabbi Kaplan for the distinguished, outsized world map that you got for our class. We love hovering over it and gleaming new information about the world. We also studied various land formations of the United States- from lakes to rivers to plains, deltas, and mountain ranges. We pointed them out on the overhead screen with Rabbi Silber's cane. In math we learned how to find the lowest common denominator and then were able to tell which fraction was greater even when they had different denominators. In vocabulary we started unit 8 and challenged ourselves to know the 15 words by heart. We took an open book test on the story "Gramps". The week culminated with a wonderful art lesson from our famous Mrs. Jacobs. We drew beautiful Purim baskets. Have a great Shabbos. **Mrs. Triegeer - Grade 5**

## Hey Masmid!

Purim is coming up, but you are getting ready for Pesach by mastering the first five Perakim of Maseches Pesachim. The Bechina is open on **March 9th**. The last day to submit a photo for the Mishna Beyadi Annual Photo Contest is **March 10th**.

Hatzlacha!

# STUDENT OF THE WEEK

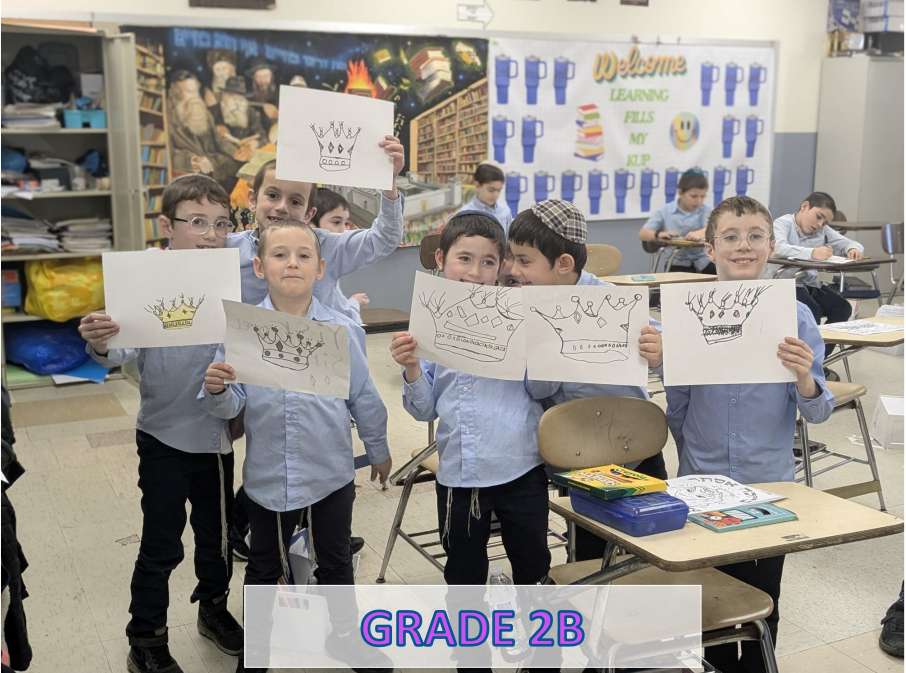

## Happy Birthday

Aizik Serebransky

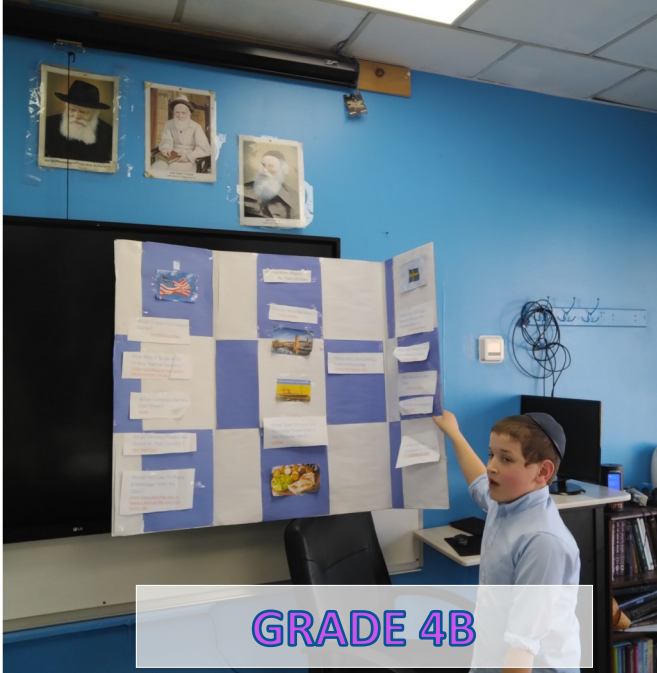

May you have a Shnas Hatzlochah!

Mazel Tov Gavriel Abayov on the occasion of his  
Bar Mitzvah!
