CHEDER CHABAD BOY'S DIVISION

Dear Parents,

LETTER FROM THE MENAHEL:

Purim is a festive and joyous day on which our values are upheld and c"v not disregarded due to the festivities. The Rebbe highlighted the importance of learning Torah on Purim and spent many hours farbrenging, teaching and learning on Purim.

The story of the history of chassidus includes a story about Reb Eliezer, the Baal Shemtov's father learning on Purim and being the only one at that hour. In this merit he brought the great *neshamah* into the world.

Occasionally, students use 'doing good' as an excuse to 'let loose' on fun days. After a good bout of learning, or after 'bring good' for a while, they feel entitled to temporarily misbehave and get it out of their system.

This thinking is a ploy of the *nefesh habehamis* and in light of chassidus, may temper the quality learning and davening. On Purim, a yom tov that happens right in the middle of learning and school days, it is important to keep our children focused, positive, and in the right thinking about always doing the right thing.

What a special privilege it was to host Cheder parent, internationally known singer and chazan Rabbi Berel Zucker, at a musical experience in cheder. Berel sang, played and led a **kumzintz** which brought so much joy, dancing, somersaults, the **kozatske** and more. What a way to celebrate the joy of Adar.

Thank you Mrs. Weingarten and the PTA for assisting in coordinating this special event.

Wishing you an easy fast, a joyous Purim and a good Shabbos,

Rabbi Kaplan

UPCOMING DATES

Thursday-Friday March 13-14, י"ג-י"ד אדר,

NO SCHOOL - PURIM
